

OverDrive App for iPhone/iPad

How to Check Out eBooks and eAudiobooks on Your iPhone/iPad using the OverDrive App

Getting Started

You will need a valid library card and PIN.

Have your Apple ID Password ready.

Consider turning off Auto-Capitalization and Auto-Correction on your iPhone/iPad's keyboard.

Installing the OverDrive Media Console App

Before you may check out your first eBook or eAudiobook, you will need to install the free **OverDrive Media Console App** onto your iPhone/iPad.

Search the App Store on your iPhone/iPad for OverDrive Media Console.

Once you find it, tap **Free** and **Install App**.

A window opens asking for your **Apple ID Password**, type in the password.

The OverDrive Media Console will load and install on your iPhone/iPad.

Once it has installed, open the OverDrive Media Console app.

For eBooks, you will need to authorize the app with an Adobe ID.

Getting an Adobe ID

When you first open the app, a prompt will display asking you to authorize your device.

If you have an Adobe ID, skip to Step 9.

To get an ID, tap the **Get a free Adobe ID** button. This will open Adobe's website.

Enter all required fields on the **Create Adobe ID** page.

When finished, tap **Create** at the bottom of the page.

Remember the email and password you used for your Adobe ID, you will need it again below.

Return to the OverDrive Media Console app, and tap **Get Books+** in the upper right corner.

Tap **Settings** at the bottom of the screen.

Enter the email address for your **Adobe ID** and your Adobe account **Password**.

Tap **Authorize**.

Getting to the Faulkner Van Buren Regional Library OverDrive Collection

Tap on **Get Books** icon in the bottom menu of the screen.

Tap **Add a Library +**.

Type in your **zip code**, then tap **Search**.

Choose Faulkner Van Buren Regional Library.

Under **Library Systems**, tap the star to save the Faulkner Van Buren Regional Library to your "Get Books" list.

Tap **Faulkner Van Buren Regional Library**.

The mobile version for the Faulkner Van Buren Regional Library OverDrive webpage is displayed.

Signing on to Your OverDrive Account

Before you can check out an eBook or eAudiobook, log onto your OverDrive account. To do this, tap **Login** in the upper right.

Enter your library card number in the **Library card number** field and your PIN in the **PIN** field.

Tap the **Login** button.

The **My Digital Account** page will display.

Tap the **Browse** button to browse the Library's eBook or eAudiobook collection or type in the author or title of a book and tap **Go** to see if it is available.

Checking Out eBooks or eAudiobooks

When you find a book you like, tap the **add to BookBag** link.

The **My BookBag** page will display showing the book you selected.

Tap the **Continue Browsing** link to select additional books.

When you have selected all the books you wish to borrow, tap the **Proceed to Checkout** link.

The **Check Out** page will display.

Select the **Lending period** for the title.

To remove one or more books from your list, tap the **remove** link next to the title.

When you are ready to check out, tap the **Confirm check out** button.

The **Download** page will display.

Tap the **Download** button for each book you wish to download.

Loading Title is displayed. Tap **Download Now** to download the title.

To start reading, tap **Bookshelf**. Then tap the title to open the book.

That's it! Your library books are now ready for many hours of reading enjoyment. And don't worry about overdue fees. Your library books will automatically expire at the end of the lending period you selected.

Returning eBooks or eAudiobooks early

In **Bookshelf** view, tap the plus sign to the right of the title.

Tap **Return/Delete**.

If you are sure you want to return the title, tap **Return then Delete**

eBook Tips

Tap lightly in the middle of the book page to adjust viewing options (brightness, font size, etc.); the **back arrow** in the upper left returns you to your Bookshelf.

In **Get Books** mode, tap **Settings** to adjust your Adobe Authorization and Download settings.
